DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Whidden Jr. #5,298,175. Whidden Jr. discloses an oil boom comprising a plurality of chambers including a plurality of bladders. Furthermore, Whidden Jr. discloses a spring valve assembly 212 which allows for simultaneous inflation of succeeding bladders.
